

WARNING

THE MISLEADINGLY TITLED **ANTI-VACCINATION ORGANISATION, THE **AUSTRALIAN VACCINATION NETWORK**, HAS ISSUED A NEWSLETTER ASKING ITS MEMBERS TO DISTRIBUTE FLYERS FOR AN UPCOMING TOUR OF CENTRAL NEW SOUTH WALES**

“As you probably know, the AVN is hosting 9 seminars over an 11 day period from August 3rd through to August 14th in Central NSW...”

*If you are in one of these areas and can let everyone know, that would be great. We also have flyers which you can print out and put in **health food stores, place with practitioners, preschools, childcare centres**”*

- Meryl Dorey AVN Newsletter July 22 2012

THE AUSTRALIAN VACCINATION NETWORK WAS INVESTIGATED BY THE NSW HEALTH CARE COMPLAINTS COMMISSION WHO FOUND THAT THE AVN:

- **Provides information that is solely anti-vaccination**
- **Contains information that is incorrect and misleading**
- **Quotes selectively from research to suggest that vaccination may be dangerous**

IN THE INTERESTS OF PUBLIC HEALTH AND SAFETY, AND IN THE INTERESTS OF YOUR FAMILY'S HEALTH, PLEASE DISPOSE OF ANY ANTI-VACCINATION FLYERS IN AN ENVIRONMENTALLY FRIENDLY MANNER
